RENO, WASHOE COUNTY, NEVADA, WEDNESDAY, DECEMBER 7, 1887.

NO. 56.

Make No Mistake.
By dispensing the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CAT-R-CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. \$1.00 a package, 3 for \$2.50.

Save. The Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by

W. PINNIGER, Druggist.

Thousands of Dollars.
Are spent every year by the people of this State for worthless remedies for the cure of throat and lung diseases. Why not invest in SANTA ABIE, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is guaranteed by the best physicians and public speakers of the Golden State. Sold and guaranteed by Osburn & Shoemaker, Reno, Nevada, at \$1 a package. Three for \$2.50.

The most stubborn case of catarrh will speedily succumb to CALIFORNIA CAT-R-CURE. Six months' treatment for \$1. My mail \$1.00.

For lame back, side, or chest, use Shiloh's Porous Plaster. Price 25 cents. For sale by Osburn & Shoemaker.

When baby was sick, we gave her Castoria. When she was a child she cried for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

Unnecessary Misery.
Probably as much misery comes from habitual constipation as from any dangerous malady of the functions of the body, and it is difficult to cure, for the reason no one likes to take the medicines usually prescribed. HAMBURG JGS were prepared to obviate this difficulty, and they will be sold at the same price as men and children—25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

"HACKMETACK" a lasting and fragrant perfume. Price 25 and 50 cents. Sold by Osburn & Shoemaker.

Babies That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by

W. PINNIGER, Druggist.

Rapid Beating of the Heart.
Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find yourself short of breath, when you have a rapid heart-beat, periods of beating fast, you have heart disease, and should take Dr. Flint's Heart "cure." At all druggists. H. D. Desprez, proprietor, with the bottling plant at San Francisco, J. J. Mack & Co., S. F.

CROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. Sold by Osburn & Shoemaker.

Many Of the good things of life this is sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by

W. PINNIGER, Druggist.

Moral Will Tell.

Was never better demonstrated than when "Fryer's Abietine Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietine Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

Acker's Blood Elixir is the only Blood Remedy guaranteed. It is a positive cure for Ulcers, Eruptions, and Syphilitic Poisoning. It purifies the whole system, and banishes all Rheumatic and Neuralgic pains. We guarantee it.

W. PINNIGER, Druggist.

An End to Bone Scraping.
Edward Shepard, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let everyone know it. I have had the same cure for years; my doctors told me I would have to have the bone scraped or leg amputated. I used instead three bottles of Electric Bitters, set them in a bottle of Acker's Arctia Salve, and my leg is now sound and well." Electric Bitters are sold 150 cents a centa per box by S. J. Hodkinson & Co's.

At Night Always have Acker's Baby Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by

W. PINNIGER, Druggist.

Will You SUFFER with Dyspepsia and Indigestion? Shiloh's Vitalizer is guaranteed to cure you. For sale by Osburn & Shoemaker.

Bringing Gladness

To millions, pleasing their palates, and cleansing their systems, arousing their livers, kidneys, stomachs and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy Syrup of Figs. Fifty-cent and \$1 bottles for sale by Wm. Pinniger, Reno, Nevada.

LIVE STOCK MISCELLANY.

The ruling price of beef along the line of the Atlantic and Pacific railroad is 2 1/4 cents per pound, gross.

There will be but few beef cattle shipped out of the west half of Colorado this season. Prices are so low and grass is so good that the herd owners will hold over rather than press into the market.

The Stockgrowers' Journal of Miles City, says that Herefords endured the horrors of last winter in Montana better than any other bulls. When a bull was found in the round-up he was sure to have a white face.

Five years ago the sheep population of the United States was the same exactly as the human population—55,000,000. In those five years since the existence of the tariff law, the human population has gone up to 60,000,000, and the sheep population has decreased to 50,000,000.

A law in New York compels any person who advertises a stallion and charges a price for his services, to make a statement with the county clerk, giving the name, age, and pedigree, if known. The statement is filed with the clerk and a license is taken out. This filing entitles the owner to a lien on the mare and foal for pay of the services of the horse.

It is estimated that there are 1,000,000 wool-growers in the United States, and their united influence could obtain any legislation they ask for in regard to increased duties on woolen goods, and thus raise the price of wool. For reasons we never could understand the flock owners never have acted together in unison. It is high time they began to look at these things.

Taking the 220 list as a basis, says the Spirit of the Times, we find the most noted members are all horses standing not over sixteen hands. The famous Flora Temple stood under 15 hands, and the trotting world never saw a more enduring or gamier harness horse. Goldsmith Maid is another of the same stripe, and no one ever doubted her campaigning abilities. Hannis is a small case, yet he contrived to put in a number of years of active turf service, and always went into the best company. Nettie, the best daughter of old Hambletonian, stood under 15 hands. Adelaide was the same size, and Hopeful, a great campaigner with the best wagon record, made seven years ago, stands only 15 hands. In this category are also Occident, Little Gipsy, Adele Gould, Buzz Medium; and a host of others with records well down in the twenties.

The British Government has increased the grant of \$15,000 a year (given as Queen's plates) for the improvement of horse breeding, to \$25,000. A similar amount goes to Ireland for improving the breeding of both horses and cattle; but as to results, much will depend on the hands into which the administration falls. One of the best things is a grant of \$10,000 to the Munster dairy schools, which is turning out dairymaids in large numbers and in great perfection. This will enhance the price of butter in the Cork market to a noticeable extent, and we shall be surprised if other parts of the United Kingdom do not follow soon in the same track.—[Country Gentleman.]

The Dyer Bros. head the list of winning owners on the American running turf this season. They ran 16 animals, which captured 54 races and \$160,597.50 in gross purses and stakes. Hanover of course heads the list, and after the entrance money in the races he won is deducted, the great son of Hindoo closes the season with a net profit of \$79,772.50 to his credit; Kingston won \$32,000; Kingfish, \$18,000; Fordham, \$7,000; Joe Cotton, \$4,000; Ballston, \$3,000; and Bessie June nearly \$3,000.

The Sacramento Bee salutes the President's message as follows: President Grover Cleveland has written amazement. We tender to him our sympathy. We congratulate the Republican party. We doff our hats to James G. Blaine, the next President of this nation. Let the voters read the Free Trade message of Grover Cleveland. Let the manufacturers read it. Let the workingmen read it. Let the men who are dependent upon their daily toil for their daily bread read it. Let them know that the Democratic Moses who has brought his party out of the wilderness of twenty-four years of defeat is the very man who to-day desires to deprive the American laboring citizen of his daily bread, who attempts to sanctify a doctrine that might leave the wives and children to the tender hands of charity. For just so sure as free trade prevails in this land, just so sure will engines be stopped, just so sure will the fire go out in the forge, just so sure will the busy whirl of wheels be ended in many and many a manufacturing town of this nation, which to-day has its greatest pride in its strong intelligent, honest and happy workers. The manufacturers of this country cannot compete with pauper labor of foreign countries, England included. Give us Free Trade, and if the wheels ever whirl again, they will keep time to the tears of the wives of good American citizens and to the jabber of paupers imported from abroad.

THE REPUBLICAN PARTY IN OHIO has always taken good care of the soldier. All of the Republican Governors of that State since the civil war, with the exception of Charlie Foster, were Union soldiers. General J. D. Cox was elected Governor in 1865. General R. B. Hayes, in 1867, 1869 and 1875. General E. F. Noyes in 1871. Captain J. B. Foraker in 1883 and 1887. "One Ohio regiment, the 23d Infantry," has furnished a President of the United States, an Associate Justice of the United States Supreme Court, a United States Senator and a bevy of Representatives to the Lower House of Congress.

The recent election in Ohio brings another gallant member of "the old 23d" to the front, in the person of Captain William C. Lyon, who is the Lieutenant Governor elect of his State. He is a self-made man who by his own industry, courage and ability has risen to distinction. In the event of Governor Foraker's promotion Captain Lyon will occupy the Gubernatorial chair of Ohio, an honor which he has earned and of which he is well worthy.

A PROMINENT ELECTRICIAN OF PHILADELPHIA HAS SOUNDED A WARNING AS TO THE DANGER OF THE ELECTRIC WIRES, AND WHICH HE SAYS IS DAILY INCREASING, EACH ONE BEING CHARGED SUFFICIENTLY TO KILL DOZENS OF MEN. THE LONGER THE WIRE THE GREATER THE DANGER. THE ONLY SAFEGUARD IS THE THIN INSULATING COVERING OF THE WIRES, AND AS THIS RAPIDLY DECAYS BY EXPOSURE IT IS EASILY REMOVED BY ANY OBJECT COMING IN CONTACT WITH IT, AS THE DRAGGING OF TELEGRAPH OR TELEPHONE WIRES ACROSS THE COATING, BY SWAYING AGAINST TREES, OR EVEN BY THE ACTION OF THE WIND. WIRES FREQUENTLY BECOME DETACHED AND SWING NEAR THE STREET. SHOULD A PERSON TOUCH ONE OF THESE WHERE THE INSULATION IS IMPERFECT HE WOULD BE INSTANTLY KILLED, OR SHOULD HE PUNCTURE THE COATING WITH A KNIFE OR ANY METAL POINT HE WOULD IN ALL PROBABILITY LOSE HIS LIFE.

These wires are often in reach from windows, and touched either by the hand or any metal in the hand, especially if wet, the liability to receive a death shock would be great. A stream from a nozzle in the hands of a fireman, reaching an abraded surface of the wire, would be equally or even more dangerous. These have been reported as a few of the dangers.

THE DECISION OF THE SUPREME COURT OF THE UNITED STATES IN THE KANSAS LIQUOR CASES SHOULD HAVE THE EFFECT OF TAKING PROHIBITION OUT OF NATIONAL POLITICS. THE DECISION RECOGNIZES THE FULL CONTROL OF THE QUESTION BY THE SEVERAL STATES, INDEPENDENTLY OF THE FOURTEENTH AMENDMENT TO THE FEDERAL CONSTITUTION. THERE IS NO FURTHER EXCUSE FOR MAKING PROHIBITION A NATIONAL ISSUE ON THE GROUND THAT FURTHER AMENDMENT IS NECESSARY. IT IS AN EMBARRASSING COMPLICATION IN GENERAL ELECTIONS WHICH SERIOUSLY AFFECTS THE SETTLEMENT OF NATIONAL QUESTIONS WHILE HAVING NO BEARING UPON THEM.

NEWS OF THE DAY.

[PRESS DISPATCHES TO THE GAZETTE.]

OUR MONEY BAGS.

WASHINGTON, Dec. 7.—The Secretary of the Treasury, in his annual report, submitted to Congress to-day, says that the total ordinary receipts of the Government during the year ending June 20th, 1887, were \$371,403,000, and that the total of ordinary expenditures were \$318,835,000, leaving with the amount drawn from the cash balance in the Treasury (\$24,455,000) a total surplus of \$80,223,000, which was offered to the redemption of bonds. The receipts for the year show an increase of \$34,963,000 over the year before, and the expenditures show an increase of \$25,449,000. For the present year the revenues are estimated at \$380,000,000, and the expenditures at \$316,817,000, leaving an estimated surplus of \$66,182,000 on June 30, 1888. The Secretary estimates a surplus for the year 1889 of \$56,669,000. The Secretary says the urgency of the question of subsidies to the states demands that it should demand the attention of both executive branches of the Government, and mentions the following ways in which the receipts and expenditures of the Government may be equalized: "First—The purchase of the interest-bearing debt of the Government. Second—A larger expenditure by the Government for other purposes than the purchase of bonds, so that they shall each year equal the amount of that year's receipts. Reduction of revenues from taxation to the amount actually required to meet necessary expenses." All of these suggestions have the one merit of preventing a derangement of business which must follow the hoarding or locking up in the Treasury of the circulating medium of the people. In regard to the first plan the Secretary agrees with what the President in his message said on the same subject. He then says: "I cannot believe that Congress will adopt the second expedient, viz: the enlargement of the Government's expenses, simply to expend money raised by taxation, when the public weal does not otherwise call for expenditures. The reduction of revenue from taxation was the only fit remedy for the evils which threaten the country."

THE EUROPEAN MUDDE.

MOSCOW, Dec. 7.—The Gazette says the future policy of France will decide whether Germany will be compelled to watch one or both her frontiers. The paper declares that Russia must always have a strong fleet on the Pacific ocean.

PARIS.—According to private advice the massing of Russian troops on the frontier is attributed to information received by Russia of a concerted plan by Germany and Austria for united action in the event of a war between either of those powers and Russia; in that contingency it was proposed that Germany and Austria should suddenly invade Russian Poland or occupy Warsaw by using available facilities for mobilizing. In consequence of the discovery of this alleged project Russia resolved to compensate for her now power of mobilizing by a permanent increase of her frontier forces. The movement implies no aggression, but is purely a defensive precaution.

MASSACHUSETTS MUNICIPAL ELECTIONS.

BOSTON, Dec. 6.—Municipal elections were held to-day in several cities, the citizens in each case being given an opportunity of expressing their preferences upon the license question. In Gloucester David I. Robinson (Rep.) is elected Mayor over Saunders (Dem.) by a small plurality. The vote for license was 1,290; against 1,174.

In Taunton Mayor Henry Hall (Citizens') was re-elected by a majority of 207. The vote for license was 1,555; against 1,500.

Haverhill elected George H. Carlson (Rep. and anti-saloon candidate) Mayor, 6,295 plurality. For license the vote was 1,793; against 1,765.

In Fall River Mayor J. W. Cummings (Dem.) received 4,831 votes, and Green (Rep.) 4,337. For license, 5,450; against 2,868.

SENDING DYNAMITE THROUGH THE MAIL.

DENVER, Dec. 7.—Several boxes of giant powder caps, loaded with heavy charges of fulminating mercury, were discovered in the mail at the postoffice in this city to-day. They proved to be samples sent from a Chicago house to hard ware merchants throughout the country. If the stamping clerk at either end of the line had struck the powder with a nail, there would have been explosion, he would doubtless have killed Postoffice Inspector King who made a full report to the Chicago postal authorities of the recklessness of the postals laws and secure the punishment of the guilty parties.

THE RENO GUARD.

ITS DISBANDMENT CONTEMPLATED. Owing to the non-attendance of members of the Reno Guard and the lack of interest taken in its welfare by the people, several of the leading spirits of the organization are contemplating disbanding the company. They state that ever since its organization the burden of carrying it on has devolved upon a few, and that owing to the late hour at which our merchants close their places of business, members of the company in their employ are unable to attend drill. This has deterred many others from joining, and unless the merchants will agree to allow their clerks at least one night in the month for military purposes the company will be compelled to disband.

In the language of one of the officers: "All we ask is the good will of our merchants. No money is wanted, as the State appropriation will pay all of our expenses, and if they will give their clerks one night a month off, we can keep the company up; if not, we will be compelled to disband."

The Reno Guard has been in existence for over eight years, and during that time it has never failed to do its part in carrying out the various celebrations we have had, and without it our celebrations in the future will be like the play of Hamlet with Hamlet left out.

The result made is not an unresounding one, and town pride, not to say the financial benefit derived from having a military company here, should induce our merchants to comply with it. Prompt response should be made or Reno will soon be without a military company.

THE DECISION OF THE SUPREME COURT OF THE UNITED STATES IN THE KANSAS LIQUOR CASES SHOULD HAVE THE EFFECT OF TAKING PROHIBITION OUT OF NATIONAL POLITICS. THE DECISION RECOGNIZES THE FULL CONTROL OF THE QUESTION BY THE SEVERAL STATES, INDEPENDENTLY OF THE FOURTEENTH AMENDMENT TO THE FEDERAL CONSTITUTION. THERE IS NO FURTHER EXCUSE FOR MAKING PROHIBITION A NATIONAL ISSUE ON THE GROUND THAT FURTHER AMENDMENT IS NECESSARY. IT IS AN EMBARRASSING COMPLICATION IN GENERAL ELECTIONS WHICH SERIOUSLY AFFECTS THE SETTLEMENT OF NATIONAL QUESTIONS WHILE HAVING NO BEARING UPON THEM.

He'll Get There.

The Carson Appeal thinks Professor Young should be at Washington in his capacity of Land Agent for Nevada, for which he receives \$1,000 per year.—Reno Journal.

The Professor will be there on time. The report which he will make on his return will be "mighty intrestin' readin'" for the people of Washoe in particular, and the State in general. It will not please all, though.

A PUBLIC LIBRARY.

Our Business Men Discuss Its Feasibility.

Last night a spirited meeting was held at the Episcopal Church, in which the subject of a public library was the principal matter discussed.

Rev. Wm. Lucas was elected Chairman pro tem. and Wm. M. Leete appointed Secretary.

Professor Miller reported \$400 subscribed.

A committee composed of President Brown, R. H. Lindsey, J. S. Shoemaker, C. T. Bender and B. F. Leete, was appointed to formulate a plan of organization, and to report to a general meeting on the call of the Chairman of the Committee.

The prevailing feeling was to organize an association or incorporation and thus start a nucleus which in time would bring forth a public library similar to those in the large cities which are maintained by the public, and in which all have an interest, to be conducted by a Board of Trustees either appointed or elected. This move should receive the hearty cooperation of the citizens of Reno. A good library would be the most valuable adjunct to the public schools, as well as to the other institutions learning located here. There probably is no one thing that would make a greater impress upon the general public than a judicious selection of books, to which all could have free access. The committed appointed are representative men who possess the intelligence which will enable them to submit a plan to the meeting to be called that will be acceptable to the most puritanical as well as most liberal in belief.

The committee will meet at R. H. Lindsey's law office Thursday evening, December 8th, at 7 o'clock.

"Hoodman Blind."

In writing of the play of "Hoodman Blind," which will be presented to a Reno audience by the Gustavus Levick Company, on the evening of the 14th inst., the Stockton (Cal.) Independent says: The play consists of an excellent plot ingeniously blended, and is full of interest from the rise to the fall of the curtain, and teaches a instructive lesson of the danger attendant upon acting upon rumors, and exposes the weakness of what is legally known as circumstantial evidence, both of which lend their aid to break up a happy home which is again made joyful in the end.

Gustavus Levick is the central figure, and his acting throughout, whether in the midst of his happiness, in his towering rage or in his remorse, won for him deserved and frequent applause. Miss Celia Alberg, in the dual character of "Nance Yewlett" and "Yees," the outcast, won the sympathy of the audience, especially in the last-named character, and she received many encomiums upon the rapid progress she is making in her chosen profession. Frank Richardson as "Chibbles" and John Armstrong as "Tim Lattiker" were very acceptable.

The play was handsomely mounted, the company having their own scenery, and the "Rain Root" and "Thames embankment by moonlight" were loudly applauded. The company deserves the large patronage which they will undoubtedly receive throughout the circuit.

A Jewelry Find.

A few weeks ago there was a tough gang of petty larceny thieves and robbers in this vicinity, says the Truckee Republican. It was this gang which committed the assault and robbery of George Weatherby at Boca and for which two of them, Wright and Kincaid, are now in jail awaiting trial. There were two others in the gang named James McKinney and ——? but they left town before the officers could arrest them. One day while they were in town, Officer Reed noticed the last named individuals and watched them. The two men went up on the hill near the Catholic cemetery and were seen to hide something in the ground in two places. The officers went to the spot and succeeded in finding one place and in the ground covered by a rock was found a lot of jewelry, consisting of gold pins, rings and a number of gold dollar pieces which had been used as bangles. They were unable to find the second "plant." The jewelry had probably been stolen, but where and from whom it is not known. Mr. Reed has the articles and the owner is requested to communicate with him. Do any of our exchanges know of any jewelry having been stolen in their neighborhood?

A Pleasant Affair.

Last evening Mr. and Mrs. C. W. Irish entertained a number of their friends at their residence on Third street, and a pleasant time was enjoyed by all. The supper was a triumph of the culinary art, after which music, games and conversation whiled away the hours. The following-named were present: Misses Maria McIntosh, Mollie Roff, Eva Evans, of Sacramento; Lila Dixon, Perla Lemmons, Mrs. Powers, F. A. Fletcher, of Oakland; C. L. Knight, T. R. Ford and D. F. Evans.

Sheriff Swift Not Dead.

The Carson Index-Union says: The rumor which spread rapidly through Carson yesterday morning that ex-Sheriff S. T. Swift had suddenly died of pneumonia at Gardnerville, in Carson Valley, awakened the most lively feeling of regret in our community. Careful inquiry, however, soon developed the fact that the report had no further foundation than that Mr. Swift is really ill at Gardnerville from a touch of his old complaint, pleurisy. He has a heavy cold, but his illness is not considered especially serious.

Nothing has created so much talk as Breuner's elegant and immense line of Bedroom and Parlor Furniture.

Suites for two, three, four, five and six hundred dollars. We can furnish you with a suite—the finest in the land or the cheapest to be had. Our trade has demanded that we carry the richest lines, and to-day we are shipping goods to San Francisco, Oakland and other parts of the State. San Francisco merchants cannot compete with us, as their store rents and other expenses are enormously high. Everybody admits that we sell the cheapest, and everyone who visits our stores says our assortment is as elegant as it is large.

If you desire anything in our line and cannot visit our stores, write us stating articles you want and will send you photographs and prices, and give you the same satisfaction as if you were selecting in our stores. Send for photograph of our \$20.00 bedroom suite.

For Sale.

\$30,000. Mrs. Howard offers her ranch for sale. The ranch is on the Virginia road, the most delightful of all the country roads in Nevada. It is located eight miles from town and has fine water rights. The ranch consists of about 90 acres and a valuable water right. The ranch has long had the reputation of being one of the best producers of hay and grain in the Truckee Meadows. This year it has produced 800 tons of hay, pasture for 300 head of stock, vegetables and fruit. The cost of raising the hay and the expense of a few hundred dollars the ranch could be made to be even much more productive than it is at present. The ranch is well adapted to the raising of alfalfa, stock and vegetables. It has an excellent house, barn and other buildings, a good orchard and other improvements. The ranch is assessed in its remainder in five equal annual installments. Interest at 8 per cent, permanent.

\$13,650. A Santa's ranch located about five miles south-east of town, is offered for sale. It consists of 45 acres, which will be sold at \$8 per acre, or for \$13,650 and on easy terms of payment. There is on the place a good house of eight rooms, two large barns, two outbuildings. The place has plenty of fine irrigating water and as many as fifty springs of excellent drinking water. The ranch is well adapted to the raising of grain and pasture valued at less than \$100. The total value of this year's yield is less than \$3,000, and some one year's yield has been as high as \$10,000. As the ranch consists chiefly of pasture and meadow land, the expense of running the place is exceedingly small. The ranch is in full production and is worth \$10,000 and for this purpose would yield a handsome amount invested.

FOR SALE—Lot 41, 4th Avenue in Block 14, Marsh's Addition, south side of river, very desirable location. House of two rooms (three doors) and a half, with kitchen, bathroom, etc., recently located, and the best bargain in Reno for the price. Perfect title; ditch flows through the property.

\$300. On road, about dist. from town, 100 acres of land, mostly located, and the best bargain in Reno for the price. Perfect title; ditch flows through the property.

80 ACRES OF LAND under improvement; good buildings and fence; 70 acres in alfalfa; orange orchard—80 bearing fruit trees; 5,000 nursery trees; good well, 1/4 mile from the C.P. railroad depot, Reno.

FOR SALE—House and lot on east side of Virginia street, one door north of fourth street; lot 50 by 120; house of five rooms. A very desirable locality.

FOR SALE—Lot 125.5 ft. by 140 ft., on corner of Virginia and 1st Street, op. opposite residence of B. F. Lester. This is a very desirable piece of property.

40 ACRES OF LAND; 26 acres in alfalfa; 1,700 forest trees, all under fence. Situated 1/2 mile from railroad tracks, 1/2 mile from 1st and 2nd, beautifully situated for residence.

560 ACRES; 100 acres enclosed by a substantial fence; 90 acres under cultivation; 400 acres in alfalfa for pasture. Will cut 250 tons alfalfa this year. Two acres of young and bearing orchard; good seed.

Perfect Title to 56 inches of Water.

New two-story house of three rooms subdivided; good barn. Situated 3 miles from Reno.

Price, \$4,000—\$2,000 down, balance on time at reasonable interest.

3,000 ACRES under substantial fence. ABUNDANCE OF WATER FOR IRRIGATION.

500 acres in wheat, barley and alfalfa.

Controls an immense outside range for cattle or sheep.

\$2,000 WORTH OF HORSES, MARES AND COLTS.

All kinds of farming utensils.

Machinery, Wagons, blacksmith shop, etc. etc.

Plenty of water close by.

Ranch lies 20 miles south of Austin.

This would make one of the best stock ranges in the state.

Price, \$15,000. Easy terms of payment given.

Also several large properties in Truckee meadows; properties at Stockton, San Jose, San Francisco and Alameda.

Mines bought and sold. The firm has numerous correspondents who are dealers in mining property.

THE BIGGS & FARIS RANCH.

One of the Finest Bodies of Land in California.

THIS PROPERTY CONSISTS OF 1,937 ACRES OF LAND SITUATED IN BUTTE COUNTY, CALIF., 75 miles north of Sacramento, on the south bank of the American River. It is one and one-half miles long and one and one-half miles wide, extending from a point one mile from the town of Biggs; the central part within three miles of the flourishing town of Gridley. Both towns are on the California & Oregon Railroad, the through line to Sacramento.

The county road from Gridley to Oroville passes through the land. It is an exceedingly rich alluvial soil, capable of a very high state of cultivation. It can be irrigated from the Feather River, although irrigation is not necessary as crops without irrigation grow well. The land is well timbered with large white oaks, one oak in particular measuring thirty-six feet in circumference four feet from the ground.

The land is very valuable, it being estimated that if cut into cordwood it could easily be sold for the total sum of \$40,000.

The land is well cultivated and produces thirty-five bushels of wheat, or sixteen sacks of alfalfa to the acre, and fifty bushels of barley. It will raise without irrigation eight tons of grain to the acre.

This is the best fruit land in the State of California and should be devoted to that purpose. There is a two-story house, also barns and outbuildings on the place as well as several smaller houses.

The total yield this year from this place in grains, fruit and pasture has been about \$45,000. The owners have realized from rents alone \$16,000 this year.

It is well for cutting up into small tracts. It can be cut into 80-acre tracts, which would be sold for double that amount.

Title perfect—confirmed Spanish grant of 30 years. This property is for sale at \$100,000; one-third cash, balance one, two and three years at 8 per cent.

Similar land in this vicinity is rated at \$100 per acre.

Curing Pork.

A writer in the Mirror and Farmer gives some practical ideas in the following: The meat is not fit for salting until free from animal heat, and yet it should not be frozen in the least as this condition prevents the salt penetrating it. Trim the lean meat from the middlings; it is better relished in sausages than after being split. This lower stratum of lean pork is supplied to have special virtue in seasoning baked beans, but I have never been convinced of its superiority in this respect, piece of fat pork and a little salt accomplish this, and no tough tendons to be masticated. If sweet pork is wanted the barrel should have no suspicion of taint. Washing, drying and airing is not labor lost upon a barrel that has been used for pork in a fair condition. About a bushel of rock salt to a barrel of pork is enough. Cover the bottom of the barrel with salt to the depth of three inches, then pack the strips of pork in circles the rind facing the barrel, with but a disposition of salt intervening and a stratum of salt upon each layer of pork. When the middlings are salted prepare a brine sufficient to cover well over the pork, using all the salt the water will dissolve. Bring to the boil, skim, and when cold pour over the salted pork. A well adjusted cover is necessary part of a pork barrel.

Trim the hams and rub them over with salt to extract the blood. In two days apply the following pickle: One and one-half pounds of salt and a pound of brown sugar to each gallon of water and an ounce of saltpetre to 100 pounds of meat; bring to the boil, skim, and pour over when cold. Ham should remain in the pickle from four to six weeks. In packing, don't let the hams press against each other; they are likely to taint at the bone before being salted. Those skilled in the curing of hams remove them from one barrel to another twice a week until the curing is partially completed to prevent tainting at the bone.

Winter treatment of colts, feeding, sheltering, watering, etc., is of the utmost importance; but there is one thing that must not be lost sight of when the matter of Wintering young horses is taken into consideration, and that is the handling of those which are at an age that they may be expected to do some work on the farm or road next Summer. It is a grand mistake to Winter young horses as you would a lot of hogs or bees, and when the season of Spring work opens up attempt to have them take their places beside old horses and do their share of hard labor. It is a mistake to Winter old horses in this way, and a much greater one in regard to young horses. Colts that are rising three or four years old should have more than the exercise that fields or paddocks afford, or that they will take of their own free will. Light work should be interspersed with their exercise quite frequently, and as the opening of the busy season approaches the work should be of a heavier nature. In the hauling of feed for the live stock of the farm is generally found a light class of work to which young horses can be put without much danger of heavy straining or great fatigue, and when in careful hands the work of this kind can be done by the prospective horses, and in such a way that it will be an advantage to them in many ways. The thorough training that can be given colts while at this kind of work is quite a way to keep them in condition.

Young horses are to be fed on the same diet as the adults, and have given universal success. **DR. LIEBIG'S DESTROYER** (1 to 2 DRA.—1/2 OZ. DRA.—1/2 OZ. DRA.—1/2 OZ. DRA.—1/2 OZ. DRA
